Taly --

That's correct. Let me know if you want any more on this.

Yes, that sounds right. Clipper Cove was definitely sediment remediation.

I can't get the link to work. Myrian Zech is the water board person on TI. Do you want to contact her?

David –

I've been trying to find a Treasure Island document (FS or ROD) that identifies the ARARs for the sediment cleanup at Treasure Island for Taly Jolish, an ORC attorney who is reviewing the proposed ARARs for another site with sediment contamination, but I can't find any in my files. Can you help?
